

## OUR FIRST AID COURSES

- 1 Activity First Aid - FAA Level 3 Award 
- 2 Airway Management Training
- 3 Annual Refresher for First Aiders
- 4 Appointed Person
- 5 Basic Life Support - FAA Level 2 Award 
- 6 Basic Life Support - Non-regulated
- 7 BLS & Safe Use of an AED - FAA Level 2 Award 
- 8 Catastrophic Bleeding Control
- 9 Defibrillation - FAA Level 2 Award (CPR & AED skills) - 1 day 
- 10 Defibrillation Annual Refresher - FAA Level 2 Award 
- 11 Emergency First Aid at Work - FAA Level 3 Award - 1 day 
- 12 FAW Re-qualification - FAA Level 3 Award - 2 days 
- 13 First Aid at Work - FAA Level 3 Award - 3 days 
- 14 Forestry First Aid (+ F) - FAA Level 3 Award - 2-hr Bolt-On 
- 15 Immediate Management of Anaphylaxis - FAA Level 3 Award - 1 day 
- 16 Oxygen Therapy Administration - FAA Level 3 Award - 1 day 
- 17 Paediatric Emergency First Aid - FAA Level 3 Award - 1 day 
- 18 Paediatric First Aid - FAA Level 3 Award - 2 days 

## OUR COURSES & COSTS

	Course Name	Duration	Cost Per Person	Max PX at Our Facility	Max PX at Your Own Facility
1	Activity First Aid - FAA Level 3 Award	2 days	£99	8	12
2	Airway Management Training	3 hours	£30	8	16
3	Annual Refresher for First Aiders	3 hours	£69.99	8	12
4	Appointed Person	2 hours	£29.99	8	12

17	Paediatric Emergency First Aid - FAA Level 3 Award	1 day	£95	8	12
18	Paediatric First Aid - FAA Level 3 Award	2 days	£145	8	12

# ACTIVITY FIRST AID

- **FAA LEVEL 3**
- **FIRST AID**
- **BLS**
- **CPR**
- **VALID 3 YEARS**

DURATION: 2 days

## SYLLABUS

- Responsibilities and reporting
- Assessment of the situation
- Unresponsive casualty
- Basic hygiene in First Aid
- Fractures
- Drowning injuries
- Electrical injuries
- Heat and cold
- Resuscitation
- Heart attacks
- Minor injuries
- Bleeding control
- Head injuries
- Diabetes
- Spinal injuries
- Angina
- Choking
- Seizures
- Shock
- Asthma
- Burns

ONLY **£99**  
PER PERSON

## Activity First Aid - Units 1 & 2

A First Aid course designed for those who have an interest in outdoor activities. This course covers life threatening conditions including CPR, bleeding control and choking.

## Level 3/6: 2-day Training Course

Specifically designed for those who are involved in any form of activity, including sports, leisure and recreation. Not only is Basic Life Support included, but many other First Aid conditions are also included, making this qualification very comprehensive. This Level 3 qualification is made up of two units including First Aid Essentials. It is specifically designed for those who are involved in any form of activity, including sports, leisure and recreation.

## Certification

Practical assessment is ongoing by the instructor, and a three-year qualification will be issued to the learner, subject to assessment. For those wishing to complete the full Level 3 qualification, this course must be completed within 6 weeks.

## Numbers

A maximum of 8 students can be accommodated on this course at our site or 12 at your own site.

## Age Limit

All students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment.

A student cannot assume a responsibility in the workplace until they reach the age of 16, and then it is the employer's responsibility to ensure that the student is suitable for that role.

The certificate will expire as dated on the certificate, irrespective of age.

# AIRWAY MANAGEMENT

## DURATION:

A 3-hour course consisting of theory and practical work.

## SYLLABUS

A range of subjects is covered including:

- The respiratory system
- Principles of airway management
- Airway examination and assessment
- The airway management ladder
- Practical training

ONLY **£30**  
PER PERSON

## Airway Management

This is an excellent workshop to equip learners with the necessary skills in Airway Management. It will advise on the inherent dangers associated with the various types of Airways, whilst administering first aid in a high risk environment for the purpose of saving life. It has been developed to meet the requirements of industries that consider themselves to be at high risk following a suitable and sufficient risk assessment.

## Certification

Although there is no formal assessment, the trainer will assess each individual throughout the course and issue a non-regulated certificate of achievement where the required level of attainment has been met.

## Numbers

A maximum of 8 students can be accommodated on this course at our site or 16 at your own site.

## Age Limit

Learners must be a minimum of 16 years of age to attend the course.

# FIRST AID REFRESHER

## DURATION:

A minimum of 3 hours, consisting of theoretical and practical activities.

## SYLLABUS

- Responsibilities
- Primary survey
- Secondary assessment
- Resuscitation
- Wounds and bleeding
- Hygiene
- Communication skills
- Top-to-toe survey
- Action for vomit
- Chain of survival
- Bandaging

ONLY

**£69.99**

PER PERSON

## Annual First Aid Refresher

### Annual Refresher Course for First Aiders and Emergency First Aiders

Although it is not mandatory, the Health & Safety Executive (HSE) strongly recommend that qualified First Aiders and Emergency First Aiders undertake an annual refresher course in order to keep their skills up-to-date and refreshed.

This three-hour annual refresher course has been designed to meet that requirement and will help First Aiders to maintain their skills and knowledge whilst also keeping up-to-date with any changes to protocols.

## Certification

Although there is no formal assessment, the trainer will assess each individual throughout the course and issue a non-regulated certificate of achievement where the required level of attainment has been met.

## Numbers

We can accommodate up to 8 students at our training site however we can hold course of up to 12 at your facility.

## Age Limit

Students from the age of 14 can attend this course.

# APPOINTED PERSON

## DURATION:

2 hours of theoretical training with no practical training.

## SYLLABUS

A range of subjects is covered including:

- Legislation
- Equipment and facilities
- Responsibilities
- Accident reporting
- Risk assessment of first aid needs

ONLY  
**£29.99**  
PER PERSON

## Appointed Person Course

Where an employer's assessment of First Aid needs identifies that a First Aider or Emergency First Aider is not necessary, the minimum requirement on an employer is to appoint a person to take charge of the First Aid arrangements, including looking after equipment and facilities, and calling the emergency services when required.

## Certification

A certificate of attendance is issued to all those who attend.

## Numbers

A maximum of 8 students can be accommodated on this course at our site or 12 at your own site.

## Age Limit

Students must be a minimum of 16 years to qualify.

# BASIC LIFE SUPPORT

- **REGULATED**
- **FAA LEVEL 2**
- **VALID 3 YEARS**

DURATION: 3 hours

## SYLLABUS

- Cardiopulmonary Resuscitation (CPR)
- Primary Survey
- Choking
- Safe use of an Automated External Defibrillator (AED)
- Recovery position

ONLY  
**£29.99**  
PER PERSON

## Basic Life Support - Level 2 Award

This regulated Level 2 Basic Life Support qualification will give learners the skills, knowledge and practical competence to administer first aid until professional medical help arrives. It is particularly suitable for healthcare professionals for the purpose of Continual Professional Development (CPD).

## Assessment and Marking

The course Instructor is responsible for determining whether delegates pass or fail based on practical assessment throughout the course, i.e. by observation and oral questioning. The Instructor will only award a pass if they believe that delegates have displayed the requisite understanding and competencies at the end of each session throughout the course.

## Duration

A minimum of 3 contact hours in the classroom, consisting of practical and theoretical activities. The course can be delivered in one day or spread over a maximum of 3 weeks ensuring that each session is a minimum of 1 hour.

## Certification

This qualification is valid for 3 years from the date of achievement. The learner will need to complete the full course again to requalify for a further 3 years. It is recommended that the learner attends annual refresher training.

## Numbers

A maximum of 8 students can be accommodated on this course at our premises or 12 at your own facility.

## Age Limit

All candidates must be a minimum of 14 years of age to qualify.

Qualification title: FAA Level 2 Award in Basic Life Support (RQF)

Code: 603/5171/8

Unit 1 title: Basic Life Support

# BASIC LIFE SUPPORT NON-REGULATED

DURATION: 3 hours

## SYLLABUS

- Cardiopulmonary Resuscitation (CPR)
- Primary Survey
- Choking
- Safe use of an Automated External Defibrillator (AED)
- Recovery position

ONLY  
**£25.99**  
PER PERSON

## Basic Life Support - Non-Regulated

This is an excellent course to equip learners with essential skills, knowledge and practical competence to administer first aid until professional medical help arrives. It is suitable for individuals in various settings, including workplaces and community groups, and is designed to enhance personal confidence in emergency situations.

## Duration

A minimum of 3 contact hours in the classroom, consisting of practical and theoretical activities. The course can be delivered in one day or spread over a maximum of 3 weeks ensuring that each session is a minimum of 1 hour.

## Certification

There is no assessment. A certificate of attendance will be issued to all those who attend.

## Numbers

A maximum of 8 students can be accommodated on this course at our premises or 12 at your own facility.

## Age Limit

All candidates must be a minimum of 14 years of age to qualify.

# BLS & AED

- **FAA LEVEL 2**
- **BLS**
- **AED**
- **VALID 3 YEARS**

DURATION: 4 hours

## SYLLABUS

- Responsibilities and reporting
- Dealing with an unresponsive casualty
- Resuscitation
- Defibrillation procedures
- Assessment of the situation
- Infection control
- AED functions
- Safety measures

ONLY  
**£54.99**  
PER PERSON

## Basic Life Support and the Safe Use of an AED

Heart and circulatory disease claims around 200,000 lives each year. Many could have been saved if a defibrillator was made available. Automated External Defibrillators (AED's) are now becoming more common throughout a range of public and work places.

A casualty's survival rate will dramatically increase if an AED is available and if you have appropriately qualified personnel to use it. This very practical course will enable your learners to use the AED competently and with confidence.

Not only does this course deal with the use of an AED but it also includes vital training in basic life support including resuscitation.

## Assessment and Marking

The course Instructor is responsible for determining whether delegates pass or fail based on practical and oral assessment throughout the course, i.e. by observation and oral questioning, as well as the completion of a question paper at the end of the course. The Instructor will only award a pass if they believe that delegates have displayed the requisite understanding and competencies at the end of each session throughout the course and successfully completed the question paper.

## Certification

This qualification is valid for 3 years from the date of achievement. The learner will need to complete the full course again to requalify for a further 3 years. It is recommended that the learner attends annual refresher training.

## Numbers

A maximum of 8 students can be accommodated on this course at our training facility.

## Age Limit

All candidates must be a minimum of 14 years of age to qualify.

# CATASTROPHIC BLEEDING

## DURATION:

A 3-hour course consisting of theory and practical work.

## SYLLABUS

- Equipment
- Primary survey
- Catastrophic bleeding
- Haemostatic dressings
- Tourniquets
- Top-to-toe survey
- Environmental issues
- Handover to the emergency services

ONLY £50  
PER PERSON

## Catastrophic Bleeding

**\*Learners must hold a valid First Aid at Work or Emergency First Aid at Work certificate in order to attend the course\***

This is an excellent course designed for First Aiders who are involved in high-risk working environments.

This 3-hour course will provide learners with guidance on catastrophic bleeding control, including dealing with the inherent dangers associated with the use of tourniquets and haemostatic dressings whilst administering first aid in a high-risk working environment.

## Certification

Although there is no formal assessment, the trainer will assess each individual throughout the course and issue a non-regulated certificate of achievement where the required level of attainment has been met.

## Numbers

A maximum of 8 students can be accommodated on this course at our training facility however at your own site we can train 16 students.

## Age Limit

Learners must be a minimum of 16 years of age to attend the course.

# DEFIB LEVEL 2

- **FAA LEVEL 2**
- **AED**
- **CPR**

## DURATION:

A minimum of 6 contact hours in the classroom, consisting of practical and theoretical activities.

## SYLLABUS

- Responsibilities and reporting
- Assessment of the situation
- Dealing with an unresponsive casualty
- AED functions
- Resuscitation
- Heart attacks
- Infection control
- Defibrillation procedures
- Choking
- AED safety
- Paediatric defibrillation

ONLY **£60**  
PER PERSON

## Defibrillation - FAA Level 2 Award (CPR & AED Skills) 1-day

Heart and circulatory disease claims around 200,000 lives each year. Many could have been saved if a defibrillator was made available.

Automated External Defibrillators (AED's) are now becoming more common throughout a range of public and work places. A casualty's survival rate will dramatically increase if an AED is available and if you have appropriately qualified personnel to use it.

Not only does this course deal with the use of an AED but it also includes vital training in resuscitation and choking procedures.

## Assessment and Marking

The course Instructor is responsible for determining whether delegates pass or fail based on practical and oral assessment throughout the course, i.e. by observation and oral questioning, as well as the completion of a multiple-choice question paper at the end of the course. The Instructor will only award a pass if they believe that delegates have displayed the requisite understanding and competencies at the end of each session throughout the course and successfully completed the question paper.

## Certification

Although there is no formal assessment, the trainer will assess each individual throughout the course and issue a non-regulated certificate of achievement where the required level of attainment has been met.

## Numbers

A maximum of 8 students can be accommodated on this course at our training facility however at your own site we can train 16 students.

## Age Limit

Learners must be a minimum of 16 years of age to attend the course.

# DEFIB ANNUAL REFRESHER

- **FAA LEVEL 2**
- **AED**
- **CPR**

## DURATION:

A minimum of 3 contact hours in the classroom, consisting of practical and theoretical activities.

## SYLLABUS

- Responsibilities and reporting
- Assessment of the situation
- Dealing with an unresponsive casualty
- AED functions
- Resuscitation
- Heart attacks
- Infection control
- Defibrillation procedures
- Choking
- AED safety
- Paediatric defibrillation

ONLY **£35**  
PER PERSON

## Defibrillation Annual Refresher - FAA Level 2 Award (CPR & AED Skills) Half Day

Heart and circulatory disease claims around 200,000 lives each year. Many could have been saved if a defibrillator was made available.

Automated External Defibrillators (AED's) are now becoming more common throughout a range of public and work places. A casualty's survival rate will dramatically increase if an AED is available and if you have appropriately qualified personnel to use it.

Not only does this course deal with the use of an AED but it also includes vital training in resuscitation and choking procedures.

## Assessment and Marking

The course Instructor is responsible for determining whether delegates pass or fail based on practical and oral assessment throughout the course, i.e. by observation and oral questioning, as well as the completion of a multiple-choice question paper at the end of the course. The Instructor will only award a pass if they believe that delegates have displayed the requisite understanding and competencies at the end of each session throughout the course and successfully completed the question paper.

## Certification

In order to continue with the defibrillation qualification, all students must complete this 3-hour update course which re-visits the practical use of the defibrillator, with scenario training, along with basic life support procedures, including CPR.

## Numbers

A maximum of 8 students can be accommodated on this course at our site.

## Age Limit

All candidates must be a minimum of 14 years of age to qualify.

# EFAW – FAA LEVEL 3

- **FAA LEVEL 3**
- **AED**
- **CPR**

DURATION: 1 day

## SYLLABUS

- Responsibilities and reporting
- Assessment of the situation
- Dealing with an unresponsive casualty
- Basic hygiene in First Aid
- Resuscitation and AED awareness
- Anatomy
- Minor injuries
- Bleeding control
- Burns
- Choking
- Epilepsy
- Shock

ONLY **£150**  
PER PERSON

## Emergency First Aid at Work – FAA Level 3 Award – 1 Day

All learners will have the skills and knowledge to provide the organisation with Emergency First Aiders that can provide treatment to their casualties in a prompt, safe and effective manner.

### Duration

A minimum of 6 contact hours in the classroom, consisting of practical and theoretical activities, , plus some pre-course activity could be required. Ideally, the course should be run over one day, but can be spread over a longer time period if you so desire, providing it is completed within 4 weeks of starting the course and the training sessions last for a minimum of two hours.

### Certification

Practical assessment is ongoing by the instructor, and a three year qualification will be issued to those who satisfy the criteria. In addition, the HSE strongly recommend that all students undergo an annual refresher programme of three hours.

### Numbers

A maximum of 12 students are allowed at your facility. We can accommodate a maximum of 8 at our training facility.

### Age Limit

All students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment.

A student cannot assume a responsibility in the workplace until they reach the age of 16, and then it is the employer's responsibility to ensure that the student is suitable for that role.

The certificate will expire as dated on the certificate, irrespective of age.

# FAW – REQUAL

- **FAA LEVEL 3**
- **AED**
- **CPR**

**DURATION:** 2 days

## **SYLLABUS**

- Responsibilities and reporting
- Assessment of the situation
- Dealing with an unresponsive casualty
- Basic hygiene in First Aid
- Resuscitation and AED awareness
- Anatomy
- Minor injuries
- Bleeding control
- Burns
- Choking
- Epilepsy
- Shock

**ONLY £250  
PER PERSON**

## **FAW Requalification**

Ofqual approved course. First Aid at Work refresher course for those who are currently qualified as a First Aider (FAW) and wish to continue as an approved First Aider for another 3 years. This course covers all aspects of basic life support along with a vast range of First Aid conditions.

## **Duration**

### **Level 3/6: 2-day Training Course**

**PLEASE CONSIDER THE FOLLOWING RULES FOR ATTENDANCE:**

A First Aider can renew their FAW qualification by attending a 2-day requalification course without question, if it's within 1 month past the expiry date.

If the First Aider has lapsed by more than 1 month, but no longer than 3 months, then the First Aider can requalify by attending a 2-day course providing 'Special considerations' have been applied.

### **SPECIAL CONSIDERATIONS ARE:**

A signed letter from the employer to the provider of the training stating the reasons why in their opinion, the First Aider is suitably experienced to attend a 2-day course and does not require a full 3-day FAW course OR...

A decision is made by the provider of the training after discussions with the employer, or the First Aider, and deciding that their previous experience is sufficient to attend a 2-day course.

If the First Aider has lapsed beyond 3 months then they must attend a full 3-day FAW course.

## **Numbers**

A maximum of 8 students are allowed.

## **Age Limit**

All students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment.

A student cannot assume a responsibility in the workplace until they reach the age of 16, and then it is the employer's responsibility to ensure that the student is suitable for that role.

The certificate will expire as dated on the certificate, irrespective of age.

# FIRST AID AT WORK

- **FAA LEVEL 3**
- **FIRST AID**
- **BLS**
- **CPR**
- **VALID 3 YEARS**

**DURATION:** 3 days

## SYLLABUS

- Legalities, responsibilities and reporting
- Dealing with an unresponsive casualty
- Fractures and spinal injuries
- Resuscitation and AED awareness
- Assessment of the situation
- Control of bleeding
- Shock (including Anaphylaxis)
- Heart attacks
- Sprains and strains

And more.

**ONLY £325**  
**PER PERSON**

## First Aid at Work - 3 Days

Ofqual approved course. All successful students will be issued an FAW certificate lasting for 3 years. This FAW course covers all aspects of basic life support including CPR, bleeding, unconsciousness, choking, head injuries, sprains and strains and a vast range of First Aid conditions that you may experience in the workplace.

It is a requirement of the Health & Safety law that employers provide a safe and healthy environment to work in. If your assessment of first aid needs highlights the need for qualified first aiders, then this level 3 qualification (level 6 in Scotland) will provide you with suitable, highly trained personnel.

This comprehensive three-day course covers a wide range of first aid emergencies, enabling all participants to deal with emergency situations with confidence in a prompt, safe and effective way. In addition, this course will include any protocol changes that may have arisen since their last training course.

### Level 3/6: 3-Day Training Course

## Certification

Summative practical assessment is ongoing by the instructor each day, along with a written assessment for unit 2.

A three year Level 3 Award in First Aid at Work (Level 6 in Scotland) will be issued to the learner, subject to successful assessment. No external assessors are required.

## Numbers

A maximum of 8 students are allowed.

## Age Limit

All students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment.

A student cannot assume a responsibility in the workplace until they reach the age of 16, and then it is the employer's responsibility to ensure that the student is suitable for that role.

The certificate will expire as dated on the certificate, irrespective of age.

# FORESTRY FIRST AID

- **FAA LEVEL 3**
- **FIRST AID**
- **VALID 3 YEARS**

**DURATION:** 2 hours

## **SYLLABUS**

The range of subjects covered are:

- Emergency planning and remote medical assistance
- Catastrophic Bleeding Control
- Crush injuries
- Effects of extreme cold
- Lyme disease

**ONLY £50  
PER PERSON**

## **Forestry First Aid (+F)**

### **Level 3: 2-hour Training Course**

This qualification has been designed to provide the knowledge and competence for a learner to deal with emergency first aid situations in a forestry/ agricultural environment. This qualification is designed to supplement a First Aider's existing First Aid at Work or Emergency First Aid at Work qualification and covers the recommended topics stated in the Forestry Commission First Aid policy 2015.

## **Duration**

A minimum of 2 contact hours in the classroom, consisting of practical and theoretical activities. This qualification can also be combined with the 1-day Emergency First Aid at Work or 3-day First Aid at Work course, providing the minimum contact hours and assessment criteria has been achieved.

## **Certification**

The practical and theoretical assessment is ongoing throughout the duration of the course and a three year qualification can be offered to all, subject to assessment.

## **Numbers**

A maximum of 8 students are allowed and must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment.

## **Age Limit**

Students must be a minimum of 14 years of age to attend this course.

# ANAPHYLAXIS

- **FAA LEVEL 3**
- **FIRST AID**
- **VALID 3 YEARS**

**DURATION:** 1 day

## SYLLABUS

- Describe anaphylaxis
- Identify triggers for anaphylaxis
- Describe life threatening problems associated with the ; Airway, Breathing, Circulation, Disability (Neurological status), Exposure (Skin and mucosal changes)
- Identify key features of adrenaline-auto injectors
- Conduct an initial assessment using the ABCDE approach
- Demonstrate a recovery position
- Demonstrate resuscitation for adult and/ or child
- Recognise the need to use an auto-injector

And more.

**ONLY £100**  
PER PERSON

## Immediate Management of Anaphylaxis - FAA Level 3 Award - 1 Day (6 hrs)

An Anaphylactic shock, or anaphylaxis, is a life-threatening, serious allergic reaction to an allergen such as food substances or insect stings. If it is not treated appropriately, it may cause death. This training is for qualified First Aiders and Emergency First Aiders to enable them to recognise and treat anaphylaxis safely and effectively.

When administering a medication, it is important to recognise and differentiate between allergic reactions and the potentially life threatening anaphylactic reactions immediately. It is also essential to determine whether the individual has had an allergic or anaphylactic response to the medication in the past or prior to administration.

## Duration

A minimum of 2 contact hours in the classroom, consisting of practical and theoretical activities. This qualification can also be combined with the 1-day Emergency First Aid at Work or 3-day First Aid at Work course, providing the minimum contact hours and assessment criteria has been achieved.

## Certification

The practical and theoretical assessment is ongoing throughout the duration of the course and a three year qualification can be offered to all, subject to assessment.

## Numbers

A maximum of 8 students are allowed and a certificate can be offered to all, subject to assessment.

## Age Limit

Students must be a minimum of 14 years of age to attend this course.

# OXYGEN THERAPY

- **FAA LEVEL 3**
- **OXYGEN THERAPY**
- **VALID 3 YEARS**

DURATION: 1 day

## SYLLABUS

- Explain benefits of oxygen therapy
- Identify indications for the use of oxygen
- Explain contraindications prohibiting use of oxygen
- Explain dangers of using compressed gas
- Carry out operational checks in preparation for use of oxygen therapy equipment
- Identify when oxygen therapy is required
- Administer oxygen using the required flow rate for the following oxygen delivery devices:
  - Non rebreather mask
  - Bag, valve and mask
- Administer oxygen to a patient in line with agreed ways of working

And more.

ONLY **£100**  
PER PERSON

## Oxygen Therapy Administration - FAA Level 3 Award - 1 Day

This training enables users to administer oxygen safely and effectively, for casualties with breathing difficulties. Delegates will learn how and when to administer oxygen to a casualty and the safety concerns with carrying, storing and administering it. This course is suitable for qualified First Aiders, Emergency First Aiders, dental practitioners and dental care professionals, nurses, healthcare professionals and others working in an environment where oxygen is available for casualty welfare.

## Duration

This is a classroom-based course of 6 contact hours. Dependent on the learner's experience, there may well be some pre-course or post-course reading.

This qualification lasts for 3 years. To renew the qualification, learners will need to retake the full course. However, it is recommended that during the 3-year period, the learners attend annual refresher courses.

## Assessment

A range of methods are used, including practical and questioning (open and multiple-choice).

## Numbers

A maximum of 8 students are allowed.

## Age Limit

All students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment.

# PAEDIATRIC EMERGENCY FIRST AID

- **FAA LEVEL 3**
- **PAEDIATRIC**
- **VALID 3 YEARS**

**DURATION:** 1 day

## SYLLABUS

A range of subjects is covered including:

- Role of the Paediatric First Aider
- Primary survey
- Resuscitation (CPR including the safe use of an AED)
- Wounds, bleeding and shock
- Seizure
- Choking
- Minor injuries
- Recovery position

**ONLY £95  
PER PERSON**

## Paediatric Emergency First Aid - FAA Level 3 Award - 1 Day

A Level 3 First Aid course designed for those who have an interest in child and baby Basic Life Support governed by the Early Years Foundation Stage (EYFS) or OFSTED. This course covers life-threatening conditions including CPR, bleeding control and choking.

The FAA Emergency Paediatric First Aid qualification is unit 1 of the two-day FAA Paediatric First Aid qualification. From gaining this Emergency Paediatric First Aid qualification learners could progress to completing unit 2 and being awarded the 2-day FAA Award in Paediatric First Aid.

## Duration

Total Qualification Time (TQT) is 7 hours, with at least 6 Guided Learning Hours (GLH) in the classroom, plus some pre-course study. The qualification can be delivered over a maximum of a 4-week period, with each training session being a minimum of 2 hours.

## Assessment

The qualification is assessed both through practical demonstration and oral questioning.

A learner must successfully pass a practical assessment to achieve the qualification. There is no grading of the assessment; learners pass or are referred.

## Certification

The qualification is valid for three years from the date of achievement. It is recommended that the learner attends annual refresher training. The learner will need to complete the full course again to requalify for a further three years.

## Numbers

A maximum of 8 students are allowed.

## Age Limit

All students must be a minimum of 14 years of age and a certificate can be offered to all, subject to assessment.

# PAEDIATRIC FIRST AID

- **FAA LEVEL 3**
- **PAEDIATRIC**
- **VALID 3 YEARS**

**DURATION:** 2 days

## SYLLABUS

A range of subjects is covered including:

- Role of the Paediatric First Aider
- Primary survey
- Resuscitation (CPR including the safe use of an AED)
- Wounds, bleeding and shock
- Seizure
- Choking
- Minor injuries
- Recovery position

And more.

**ONLY £145  
PER PERSON**

## Paediatric First Aid - FAA Level 3 Award - 2 Days

Level 3 First Aid course designed for those who have an interest in child and baby Basic Life Support governed by the Early Years Foundation Stage (EYFS) or OFSTED. This course covers life-threatening conditions including CPR, bleeding control and choking.

This course has been developed for those who are working with children and infants. It will be of particular interest to teachers, child minders, crèche assistants, playgroup personnel and anyone else who has a responsibility for their welfare whilst in your care. The purpose of the qualification is for the learner to attain the knowledge and practical competence required to deal with a range of paediatric first aid situations.

## Duration

Total Qualification Time (TQT) is 15 hours, with at least 12 Guided Learning Hours (GLH) in the classroom over a minimum of 2 days, plus independent pre and post course study. The qualification can be delivered over a maximum of a 6-week period, with each training session being a minimum of 2 hours.

## Assessment

The qualification is assessed both through practical demonstration and written assessment.

A learner must successfully pass both the written and practical assessment to achieve the qualification. There is no grading of the assessment; learners pass or are referred.

## Certification

The qualification is valid for three years from the date of achievement. It is recommended that the learner attends annual refresher training. The learner will need to complete the full course again to requalify for a further three years.

## Numbers

A maximum of 8 students are allowed.

## Age Limit

Students must be a minimum of 16 years of age to qualify.
